EDUCATION

Manipal Institute of Technology (MAHE), Bengaluru

2025 – 2029 (expected)

B.Tech in Computer Science & Engineering, Second Year

- **CGPA:** 7.53 / 10, rising each semester (SGPA 7.15 in Sem 1, 7.91 in Sem 2)
- **Coursework:** Data Analytics, Data Structures, Discrete Mathematics, Data Visualisation, Computational Mathematics I & II

Mount Carmel School, Dwarka, New Delhi | CBSE Class XII: 80%, Class X: 92%

2025

EXPERIENCE

AI Model Evaluation Fellow, Handshake AI

Jul 2026 – Present | Remote

- Extract and verify figures from primary financial documents such as SEC 10-K, 10-KSB and DEF 14A filings, including selected financial data, property schedules and executive compensation tables
- Author multi-hop research prompts across 15+ domains (Finance, Business, Legal and more) that expose factual and reasoning failures in frontier LLMs; work feeds evaluation datasets used by leading AI labs
- Build unambiguous ground-truth answers with step-by-step verification trails under strict reviewer and automated checks

Research Intern, Department of Management Studies, IIT Delhi (under Prof. Ravi Shankar)

Jul 2026

- Led the study *Deepfakes in India: Institutional Vulnerability, Governance Barriers, and an Interpretive Structural Model of Critical Success Factors*
- Designed and ran a structured expert-elicitation survey (16 responses, 11 retained after screening) on six critical success factors
- Applied ISM and MICMAC analysis to rank driver and dependent factors; full paper being prepared for submission

Business Analytics Program, Finlatics

Dec 2025 – Jul 2026

- Solved cases on profitability, pricing strategy and tourism using the MECE framework, Excel and Power BI, including forecasting, what-if scenario analysis, regression models and interactive dashboards

PROJECTS

FinCalc, Indian Investment Returns Calculator | [Live App](#) | [GitHub](#)

Python, Streamlit, Pandas, NumPy, Matplotlib

- Deployed app with SIP, lump sum and FD vs mutual fund calculators using SIP future value, compound growth and quarterly FD compounding
- Synced slider and exact-entry inputs, Indian lakh/crore currency formatting, growth charts and year-by-year tables

CivicLens, AI Civic Issue Reporting Platform | [Live App](#)

React, Firebase, Gemini Vision API

- Built at the Vibe2Ship Hackathon (Coding Ninjas x Google for Developers); Gemini Vision classifies citizen photo reports by type and severity and routes them to the right department, shown on a live severity-coded map

LEADERSHIP & POSITIONS

- **Associate, Office of Alumni Relations, MIT Bengaluru:** run alumni outreach and prepare weekly outreach reports (one week: 225 alumni reached, 145 new connections, 53 emails secured); supported *Fintech Decoded* (live Q&A with a JPMorgan Chase VP alumnus), Virasat '26 and Engineers' Day speaker sessions
- **Joint Secretary, IEEE Computational Intelligence Society (CIS), MIT Bengaluru:** lead sponsorship and grant outreach and train the treasurer and general secretary in cold mailing
- **President, The Literature Society:** lead a 7-member core committee and am founding its bimonthly newsletter | **Member, Student Research Committee (SRC),** Research Office
- **Working Committee, MAHE Innovation Centre (E-Cell), 2025–26:** scripted BECon Bengaluru and MOONSHOT events | **Lead Script Writer,** NEC 2026 (E-Cell IIT Bombay)
- **Also:** SAGE Student Ambassador (Dept. of Internationalisation) | Newsletter Editor, Mimansa Debate Club | Organising Committee, Falak, Rubaru and Techsolstice

ACHIEVEMENTS & CERTIFICATIONS

- **MVPP (formerly JSTSE):** All-India Rank 217, Delhi Govt. scholarship | **BRICS Maths Challenge:** 100% | **4 medals,** Behes Debating Competition
- Selected for **CVIT Summer School on AI 2026, IIIT Hyderabad** in first year | **1st Place,** poetry competition, alèy 2026 Lit Fest, MAHE
- Copado DevOps AI Certification | Google Gemini Certified Student | HCL GUVI India AI Impact Buildathon

SKILLS

Finance: time value of money, SIP and compounding maths, reading financial statements and SEC filings, business case analysis (MECE)

Analytics & Tools: Python (Pandas, NumPy, Matplotlib), Excel, Power BI, Streamlit, Git/GitHub | **Languages:** Python, Java, C

Currently building: SQL, NISM Series V-A (Mutual Fund Distributors), Bloomberg Market Concepts
